- The centre aims to provide high-quality training in Tailoring and Embroidery. It will offer two specialised programs designed by Raymond, keeping local and regional relevance in mind.
- The programs' curriculum is based on a comprehensive baseline study conducted jointly by JM Financial Foundation and J.K. Trust (Raymond) in August 2024 to understand the community's needs and aspirations.
- **Sample Tailoring Program:** This seven-month program covers essential skills such as measurement, cutting, and stitching of garments like *blouses*, *salwar-kameez*, *petticoats*, etc. With a capacity of two batches of 20 students each, the program aims to provide a strong foundation for individuals aspiring to establish their micro-enterprises and pursue careers in professional tailoring.
- **Embroidery Program:** This three-month program focuses on traditional embroidery techniques such as *Aari*, *Zardosi*, *Kantha*, *Sujni*, etc. With two batches of 10 students each, the program is designed to preserve and promote regional artistry while equipping participants with skills for niche markets.
- Both programs also include modules on soft skills to enhance trainees' confidence and employability. This holistic approach ensures that trainees are skilled in their craft and prepared to excel in professional settings.
