RateGain Recognized Among Top Tech Solutions at Hotel Tech Awards for Four Straight Years

Noida, 16th January 2025: RateGain Travel Technologies Limited (RateGain), a global provider of AI-powered SaaS solutions for the travel and hospitality industry, today announced that it has been recognized at the prestigious 2025 Hotel Tech Awards by Hotel Tech Report. This marks the fourth consecutive year that RateGain has been honored among the world's top technology providers for hoteliers.

RateGain is ranked as the second runner-up in both Channel Manager and Rate Shopping globally, while also securing a spot among the Top 10 solutions that received the most votes from hoteliers in the prestigious Hotelier's Choice Awards. These accolades underscore RateGain's relentless focus on AI driven innovation and its commitment to solving critical challenges in the hospitality sector.

Often called the "Grammys of Hotel Tech," the HotelTechAwards celebrate excellence in hospitality technology, selecting finalists from over 200 top global products. With 2.5 million industry professionals relying on HotelTechReport.com annually for informed purchasing decisions, the awards identify the best software across all categories. Winners are determined by customer feedback and proprietary data signals, including integration compatibility, organizational health, market share, partner network strength, and customer support quality.

"The ranking process is simple, transparent, and unbiased--judging is based on time tested ranking factors developed specifically for the industry. Only verified hoteliers with hands-on experience using each product are allowed to participate in the voting process." **said Jordan Hollander, CEO of Hotel Tech Report.** *"This award is earned by the companies in the industry who have the customer centric cultures and are writing the playbook for digital transformation in hospitality."*

Yogesh Chandra, Chief Strategy Officer at RateGain, said, *"Customer feedback is critical for our success, and we continue to reflect at Hotel Tech report rankings and rating as a benchmark for us to improve. We want to thank all the hoteliers who gave us good and constructive feedback helping us in delivering better experience through our products."*

In addition to its success at the 2025 Hotel Tech Awards, RateGain secured a spot in Deloitte Technology Fast 50 India 2024, Best B2B Travel Technology Provider by ET Travel & Tourism Awards, and a Top 10 ranking in Forbes India & DGEMS Select 200. Additionally, its growth was featured as a case study by NYU School of Professional Studies Jonathan M. Tisch Center of Hospitality, highlighting its leadership in hospitality tech and marketing.
